## Polo Shirt/Shirt/T-Shirt/Sport Suit, Uniform, Pants, Labels

### ABOUT US

Hanh Dan Screen Printing is a textile screen printing company founded in 1999. Since our inception, we have quickly established ourselves as one of the best printers in the vietnamese industry by providing superb quality printing at competitive prices, flawless on-time delivery, and the best customer service. It is no coincidence that our current customer base includes some of the world's most well known sportswear and apparel brand names

We believe that screen printing is both an art and a science; therefore, highly skilled and competent people with experience play a critical role in determining our success. Our team of professionals, well-trained, and experienced staff will undoubtedly satisfy most difficult demands and requirements.

Our screen printing technologies based on solvent-based, water-based, and plastisol inks with the most popular and unique special effects. We have the capability to handle various fabrics from basic cotton to easily bleed athletic polyester, blend, denim, spandex, Lycra, and other available textile substrates in the market today.

We continue to monitor the screen printing industry closely to keep ourselves updated of new technological developments and manufacturing process improvements to continuously improve our quality and lower printing cost to pass the savings to our customers.

### MACHINERY & EQUIPMENT

13 automatic machines from 6 to 12 colors; with printing area from 80 cm x 110mm

All our machinery is 100 % imported from USA and Germany.

Our factory with capacity up to 40,000 pcs per day.

We import all our inks and material from USA, Canada, Japan with the highest quality possible to meet the European and American standards.
